

## MACHINE-DATA

|                  |                                          |
|------------------|------------------------------------------|
| Machinetype      | : milling machining centers - horizontal |
| Make             | : DECKEL-MAHO                            |
| Type             | : DMU 50H                                |
| Year             | : 2001                                   |
| Control type     | : Siemens 840D                           |
| Control          | : Siemens 840D                           |
| Storage location | : Lager Mülheim/Ruhr                     |
| Origin           | : Deutschland                            |
| Delivery time    | : immediately or upon agreement          |
| Quotation        | : free on truck                          |
| Price            | : on request                             |

## TECHNICAL DATA

|                         |              |
|-------------------------|--------------|
| x-travel                | 560 mm       |
| y-travel                | 510 mm       |
| z-travel                | 560 mm       |
| control                 | Siemens 840D |
| rapid traverse          | 40 m/min     |
| number of paletts       | 2            |
| table surface area      | 400 x 400 mm |
| b-axis                  | 360x1 °      |
| tool adaptor            | SK40         |
| total power requirement | 15/10 kW     |

## TECHNICAL DESCRIPTION

*Paper band filter*

*chip conveyor*

*IMC*

*pallet changer*

*full cabin*

*Operating hours currently: 43475*

*Spindle Hour Currently: 14816*
